

ATTORNEY GENERAL OF TEXAS
GREG ABBOTT

March 16, 2004

Mr. Steven D. Monté
Assistant City Attorney
Dallas Police Department
1400 South Lamar Street #300A
Dallas, Texas 75215-1801

OR2004-1994

Dear Mr. Monté:

You ask whether certain information is subject to required public disclosure under chapter 552 of the Government Code. Your request was assigned ID# 200428.

The Dallas Police Department (the "department") received a request for information pertaining to an assault. You assert some of the requested information is excepted from disclosure under section 552.130 of the Government Code. We have considered the exception you claim and reviewed the submitted information.

Subsections 552.301(a) and (b) provide:

(a) A governmental body that receives a written request for information that it wishes to withhold from public disclosure and that it considers to be within one of the [act's] exceptions . . . must ask for a decision from the attorney general about whether the information is within that exception if there has not been a previous determination about whether the information falls within one of the exceptions.

(b) The governmental body must ask for the attorney general's decision and state the exceptions that apply within a reasonable time but not later than the 10th business day after the date of receiving the written request.

The department received the request for information on February 9, 2004. You did not request a decision from this office until February 25, 2004. Consequently, you failed to request a decision within the ten business day period mandated by section 552.301(a) of the

Government Code. Because the request for a decision was not timely received, the requested information is presumed to be public information. Gov't Code § 552.302.

In order to overcome the presumption that the requested information is public information, a governmental body must provide compelling reasons why the information should not be disclosed. *Id.*; *Hancock v. State Bd. of Ins.*, 797 S.W.2d 379, 381 (Tex. App.—Austin 1990, no writ); *see* Open Records Decision No. 630 (1994). This office has held that a compelling reason exists to withhold information when the information is confidential by another source of law. *See* Open Records Decision No. 150 (1977) (presumption of openness overcome by a showing that the information is made confidential by another source of law or affects third party interests). Section 552.130 is such a compelling reason to overcome the presumption that the information is public. Thus, we will consider the department's claimed exception.

Section 552.130 excepts from public disclosure information relating to a Texas a motor vehicle title or registration. Gov't Code § 552.130. You must withhold the year of the license plate and the license plate number under section 552.130. The department must release the remaining information.

This letter ruling is limited to the particular records at issue in this request and limited to the facts as presented to us; therefore, this ruling must not be relied upon as a previous determination regarding any other records or any other circumstances.

This ruling triggers important deadlines regarding the rights and responsibilities of the governmental body and of the requestor. For example, governmental bodies are prohibited from asking the attorney general to reconsider this ruling. Gov't Code § 552.301(f). If the governmental body wants to challenge this ruling, the governmental body must appeal by filing suit in Travis County within 30 calendar days. *Id.* § 552.324(b). In order to get the full benefit of such an appeal, the governmental body must file suit within 10 calendar days. *Id.* § 552.353(b)(3), (c). If the governmental body does not appeal this ruling and the governmental body does not comply with it, then both the requestor and the attorney general have the right to file suit against the governmental body to enforce this ruling. *Id.* § 552.321(a).

If this ruling requires the governmental body to release all or part of the requested information, the governmental body is responsible for taking the next step. Based on the statute, the attorney general expects that, within 10 calendar days of this ruling, the governmental body will do one of the following three things: 1) release the public records; 2) notify the requestor of the exact day, time, and place that copies of the records will be provided or that the records can be inspected; or 3) notify the requestor of the governmental body's intent to challenge this letter ruling in court. If the governmental body fails to do one of these three things within 10 calendar days of this ruling, then the requestor should report that failure to the attorney general's Open Government Hotline, toll free, at (877) 673-6839. The requestor may also file a complaint with the district or county attorney. *Id.* § 552.3215(e).

If this ruling requires or permits the governmental body to withhold all or some of the requested information, the requestor can appeal that decision by suing the governmental body. *Id.* § 552.321(a); *Texas Dep't of Pub. Safety v. Gilbreath*, 842 S.W.2d 408, 411 (Tex. App.—Austin 1992, no writ).

Please remember that under the Act the release of information triggers certain procedures for costs and charges to the requestor. If records are released in compliance with this ruling, be sure that all charges for the information are at or below the legal amounts. Questions or complaints about over-charging must be directed to Hadassah Schloss at the Texas Building and Procurement Commission at (512) 475-2497.

If the governmental body, the requestor, or any other person has questions or comments about this ruling, they may contact our office. We note that a third party may challenge this ruling by filing suit seeking to withhold information from a requestor. Gov't Code § 552.325. Although there is no statutory deadline for contacting us, the attorney general prefers to receive any comments within 10 calendar days of the date of this ruling.

Sincerely,

Yen-Ha Le
Assistant Attorney General
Open Records Division
